Amendment, filed on 04/21/05, has been entered. Claims 11-35 remain pending.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 21-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 21, 28 and 35 limitations “when the reception state is bad and ... when the reception state is good” are unclear, because specification does not disclose the criteria for defining a reception state bad or good, also the claim limitation “reception state” is unclear in the context of the claims, because the specification does not disclose the meaning of “reception state”.

Claims 22-27 and 29-34 are rejected as claims depending on rejected claims 21 and 28.

Allowable Subject Matter

3. Claims 11-20 are allowed.
